

# SUBURBAN RESIDENTS STATE THEIR WANTS

Meeting of Northeastern Citizens' Association.

## MORE RAILWAY FACILITIES

Paving, Lights, and Police Protection for Langdon—Extension of Water Mains.

A meeting of the Northeastern Suburban Citizens' Association was held in Langdon on Friday night. President E. A. M. Lawson presiding. There was a fair representation of the citizens of the northeastern suburban section of the District in attendance.

President Lawson reported that the Langdon school house had been supplied with substantial furnaces, and that the prospects for having the school house painted were favorable.

The question of the overcrowding of cars on the Maryland line of the City and Suburban Railway being discussed, the secretary was instructed to request that two cars each of the North Capitol Street and Maryland line be started from Fifteenth and G Streets at 4:25 p. m., or in time for prompt connection at New York Avenue and North Capitol Street, for the convenience of suburbanites employed in the Government Printing Office.

## Electric Lights at Stations.

Secretary L. H. Patterson reported that he had received a communication from General Harries, stating that it is the desire of the City and Suburban Railway Company to have electric lights at all stations along the Maryland line. Also one from the District Commissioners stating that the water mains will be introduced into the Langdon subdivision through Frankfort Street, and also that the request of the association relative to the extension, grading, and macadamizing of Rhode Island Avenue, from Fourth Street to Twenty-fourth Street northeast, would receive attention when the next estimates are made for suburban streets.

On motion of Wilton Harvey, the committee on streets, parks, and lights was

Art and Flowers.

Floral designs created by Gode combine art with the beauty of nature. 124 F.

Instructed to request the District Commissioners to improve one of the cross streets in Langdon out of this year's appropriation, and also to endeavor to get them to provide in the estimates for the grading and macadamizing of another street in Langdon. Also to request the Park Commission to improve the Winthrop Heights Park.

I. J. Baker, chairman of the subcommittee on lights, reported that the prospects were now favorable for having Langdon supplied with gas.

## Grading Twentieth Street.

President Lawson reported that the work of extending and grading Twentieth Street from the Brentwood Road to Emporia Street had been commenced, and that the Superintendent of County Roads expected to complete it within four months. The officers were instructed to request the Commissioners to change the grade on Twentieth Street, between Frankfort and Galveston Streets, from 10 to 11 per cent, to prevent unnecessary expense to property holders on that square.

D. J. Roberts, from the committee on fire and police, referring to the recent hold-up on Queen's Chapel Road, called attention to the necessity for better police protection in that locality. The officers were instructed to request Major Sylvester to have a patrol box placed at the corner of Rhode Island Avenue and Twentieth Street, and also to have Queen's Chapel Road and Mills Avenue patrolled until 1 a. m.

The committee on water and sewers, Albee, chairman, was instructed to consult with property holders as to which streets were most convenient for the extension of the water mains, and also as to who desired Potomac water.

## HIT ON HEAD IN FIGHT BUT DIDN'T SAY BY WHOM

A. J. Fanning, a plumber, twenty-five years old, living at 117 H Street northeast, walked into the Emergency Hospital last night, suffering from a lacerated wound of the scalp. Fanning admitted that he had been hit on the head in a fight, but refused to tell where the fight occurred, or with whom. His injury was not serious.

# CO-OPERATIVE RULES FOR CARE OF INDIGENT

Board of Charities Sends Out Pamphlet Relating to Transportation

An interesting pamphlet relating to the transportation of needy persons from one place to another has just been issued from the office of the Associated Charities in this city. The object of the publication is to bring charitable organizations of different cities into co-operation in the matter of transporting indigent persons.

The question of co-operation was first suggested at the twenty-ninth national conference of charities and correction in June, 1902, through a letter from the mayor of St. Louis, Mo. It was later considered at a meeting of the section on the treatment of needy families, and a committee was appointed to prepare a set of rules, a telegraphic code, and an explanatory circular.

It is believed the observance of definite rules will greatly diminish if not entirely eliminate the evils which frequently result from the granting of free transportation or charity rates to needy persons. These rules are suggested:

First—That the applicant is unable to pay the regular fare.

Second—That the applicant's condition and prospects will be substantially improved by sending him to the place in question.

Third—That the applicant will have such resources for maintenance at the point of destination as will prevent him from dependence on public charity; or, Fourth—That the applicant has a legal residence in the place to which he is to be sent or is a proper charge upon the charity of that community.

The tramp problem is complicated by injudicious transportation and a great many communities are unjustly burdened by having dependent people sent to them without their consent. A number of needy people are themselves injured by being shipped about thoughtlessly from one charitable agency to another, when the only object is to remove an unwelcome burden from the charitable agency which furnishes the transportation.

# HEIBERGERS CONTEST CLAIM OF ATTORNEYS

Say Lawyers Have Already Been Paid Enough for Breaking Will.

Mrs. Mary W. Heiberger and her husband, Frank J. Heiberger, yesterday filed answer to the suit brought against them in the District Supreme Court by A. S. Worthington, R. Ross Perry, and P. P. B. Sands to recover \$1,500 as a balance alleged to be due for legal services.

Mrs. Heiberger is a daughter of the late John W. Nairn, who died leaving an estate worth about \$600,000. She contested the will of her father and employed Messrs. Worthington, Perry and Sands as her counsel.

While the will contest was under trial before Justice Barnard, a compromise of the case was effected on the basis of \$600,000 as the value of the estate, \$30,000 of which was to go to Mrs. Heiberger.

The attorneys brought suit on July 7 against Mrs. Heiberger and her husband for \$1,500, claiming that amount as a balance due on account of their services in the case.

The answer of Mrs. Heiberger and her husband, filed yesterday, sets up that the attorneys were to be paid from 10 to 15 per cent of the interest acquired by Mrs. Heiberger, and that they have paid the attorneys \$12,750, or \$4,750 in excess of 10 per cent on the \$30,000 received by her. The Heibergers are now represented by Attorneys Johnson and Linton.

## EXPLOSION OF GASOLINE TANK CAUSED FIRE

The explosion of a gasoline tank in the grocery store of J. W. Nash, at 400 Eleventh Street southwest, at 8 o'clock last night, started a fire which called out a large section of the Fire Department, and the reserves of the Fourth precinct. The building was not damaged, but the stock suffered a damage from fire and water amounting to \$150. There was no insurance.

## HURT BY A FALL.

G. W. McKee, thirty-five years old, of 1922 New York Avenue northwest, was taken to the Emergency Hospital last night, suffering from a laceration of the mouth, sustained by falling at Ninth and E Streets northwest about 6:50 o'clock.

## One Typewriter a Minute.

The immense additions to the Remington Typewriter factory at Elms, N. Y., have been practically completed. The aim of these engagements is to provide for the production of one typewriter a minute, a figure which the sales of the Remington Typewriter are rapidly approaching.
